MakeICT invites teens to bring in their art to help spread awareness about teen dating violence. They will help you convert your image to digital art, or you can bring in a photo or digital piece. They will help you engrave it with one of their laser cutters. You will have the opportunity to have your tile creation displayed as part of February's Final Friday Art Exhibit at The Workroom on February 22. Click here for [submission form](#) and [more information](#).
